Grey Voyagers

6 x 25min Documentary Series

This travel and adventure series, features the remarkable stories of six ordinary 'older people' making extraordinary journeys to far flung parts of the globe.

Their adventures takes us to the frozen Antarctic wilderness, across the broad expanse of the United States; motorcycling through the spectacular vistas of Nepal; sailing among the lush, tropical islands of the Carribean; into the ancient landscapes of Northern Iran and the recent devastation of East Timor.

These **Grey Voyagers** have inspirational stories that challenge traditional 'stay at home' stereotypes of ageing and celebrates the amazing possibilities all of us can look forward to in our "third age" - rather than our "old age."
